Did you know that there is a garden at Marshall Ranch?

Our ASD students carefully tend the garden on a regular basis, and in March the 8th grade students in Mr. Woodard's class learned about Gardening and Hydroponics. The presentation was given by the ASD students on the variety of items being grown. Plus they showed the students how

they use compost (paper, mud, dirt, weeds, coffee grounds, and fruit scraps) to make the plants grow stronger and quicker. **Our ASD Students are amazing!**

Many thanks for all your hard work!
