

CONSTRUCTION

PROGRAM OF STUDY:

A structured sequence of required core & CTE courses in a specific career field. As a result, students earn industry credentials or college credit toward an Associate's and/or Bachelor's degree during high school. For more information, visit: AZprogramsofstudy.org

IN THIS PROGRAM, STUDENTS:

- Understand and apply building trade codes & regulations
- Use building trades technology to plan, construct, & evaluate a construction project
- Schedule, access & organize building materials, labor, time, & equipment to successfully complete a project
- Understand & apply advanced construction knowledge & technology
- Participate & compete in the student organization SkillsUSA
- Complete a work-based learning internship

COURSE SEQUENCE:

- Building Trades I ^D
- Building Trades II ^D
- Building Trades III ^D
- CTE Internship: Construction Trades

A CTE Mastery of Subject Endorsement may be added to a high school transcript upon completion of any CTE program. A student may earn multiple CTE endorsements.
