Dear Parent,

All students in your child's classroom have been receiving individualized math instruction with Imagine Learning, an interactive software program. Your child now has the opportunity to use Imagine Learning at home.

Imagine Learning works on PCs, Macs, iPads, Chromebooks, Android tablets, and Windows tablets. For a complete list of system requirements, please visit http://support.imaginelearning.com/. Imagine Learning is best utilized with headphones (or speakers) and a microphone.

To access the online version go to http://tinyurl.com/PUSDIM. (Recommended browser is Google Chrome.)

- In the authentication window enter **pusd11** and then the student's Peoria District username.
- Enter the student's Peoria District password. (If your child does not know his/her username or password, please contact your child's teacher.)
- Click Log in.
