First Come, First Served

This is a guided early art & literacy program led by staff from the i.d.e.a. Museum. The program includes a story time and a hands-on art activity, based on the theme of the book. The process-oriented (rather than product-centered) art activity provides the children an opportunity to experiment with new art materials and techniques. The program wraps up with music & movement, in which the children will engage in gross motor activities, singing, and general wiggly fun!
