

Sept 2020

Dear Parents/Guardians,

Welcome back to school. We would like to introduce the Title I team and our roles at Sun Valley. We will have many opportunities to support all grades at Sun Valley.

I am the Title 1 Reading Interventionist and along with my colleague, Mrs. Hampton, will be working with kindergarten through eighth grade students in the areas of reading and math.

Title 1 is a federally funded program that supports the school in the areas of communication, parental involvement, and meeting student needs. The Title 1 program at Sun Valley has assisted with funding and resources in many areas on campus:

- Reading & Math Intervention
- Staff Development
- Purchase of technology (laptops, iPads)
- Purchase of software
- Purchase of instructional support materials
- Funding of K-8 Tutoring
- Parent Connections (Books & Breakfast, etc.)

Attached is a Staff/Student/Parent Compact that reinforces the commitment that we each have for student success. **Please read this with your child as your acknowledgement that the Title I Team will be able to service Sun Valley students.**

Thank you for your support and help.

Mrs. Kau & Mrs. Hampton

Title I Reading/Math Interventionists
