Liberty Men's Basketball Annual Clinic

The Liberty Basketball Program's mission is to empower athletes to be champions on and off the court by instilling toughness and developing them as leaders who embody trust, enthusiasm, selflessness, courage, and effort.

Why we offer our clinical academy:

We want to give young boys an opportunity to be active during the summer, start building relationships with future teammates, and develop their basketball fundamentals and skills the correct way. The philosophy of the clinical academy is to introduce and build on the fundamentals of ball handling, shooting, passing, offensive and defensive footwork every day. In its academy setting, players will be able to come daily or throughout the summer and still get something out of it. Our focus on the fundamentals and development is top priority. We will also allow the players to play full court and half court games to provide them an opportunity to utilize the fundamental skills we've been developing. We feel it is important to teach the game the right way in a positive environment that is conducive to having fun. Bring a friend and join us this June as we bring Liberty Basketball to you!

Age groups and times:

Incoming 5th and 6th graders from 9-10:30 a.m. (The gym will open at 8:30 for any wanting to shoot around)

Incoming 7th and 8th graders from 9-10:30 a.m. (The gym will open at 8:30 for any wanting to shoot around)
