## Spring is in the Air for Seniors

The beauty that comes from a flower garden only appears after many hours of tending the soil and plants. If you go a week without water or fertilizer your entire garden will die. Just like a garden, your senior year needs to be thoughtfully taken care of. Spring Break is a wonderful time to consider the following checklist:

- 1.) **Stay Grounded:** Take time to review your plans with your family, friends, and/or mentor. Take a last look at your options and consider a final decision. Take time to breath and feel a calmness in your choice.
- 2.) **Keep Your Eyes Open:** Look at your checklists, read your emails, and review your current class requirements. Also, take a moment to see those around you who have wanted the best for you. This could be your family, friends, teachers, and counselors.
- 3.) **Use Your tools:** Remember your lifelong education and the tools you learned to study and stay on task. Use the career center for help to complete the FAFSA, submit another application, or just come in to talk.
- 4.) **Don't Give Up:** It is easy to let senioritis stunt your growth, don't let it. Turn in your assignments, study for your tests, and participate in school activities. Also continue to apply for additional scholarships.
- 5.) **Take Time to Smell the Roses:** Walk around the halls when it is quiet, visit with your favorite teacher, enjoy a moment on the field/gym/stage to soak in these special days.

**Counselor Connection:** Your counselor wants to help you make your plans for next year. We need to know how we can help! Please take a moment and [fill out this form](#) to let us know how we can help and let us know what your plans are. We would love to celebrate with you!
