### Pathway to a Top College with a Full Four-Year Scholarship

The National College Match is a college admission and scholarship process through which high-achieving, low-income students can be admitted early with full four-year scholarships to [QuestBridge college partners](#).

We are looking for high school seniors who have shown outstanding academic ability despite financial challenges. We take a holistic approach to reviewing applications, and we do not have absolute criteria or cut-offs for GPA, standardized test scores, income, or other factors.

Finalists typically come from households earning less than \$65,000 annually for a typical family of four and have minimal assets. This is not a strict cut-off and we encourage students who feel they have faced significant financial hardship to review these financial criteria carefully to see if they may qualify. A thorough financial review will be performed by QuestBridge and by the colleges for all students who become Finalists.

Apply today - **Deadline is September 29th.**
