### Scholarship Highlights:

\* Your StudentVUE

#### [Find Scholarships](#)

\* [College Depot](#)

\* [Career One Stop](#)

Create an original work showcasing your idea for a SOLUTION or STRATEGY to end reckless and distracted driving. Distracted driving is anything that takes your eyes off the road, your hands off the wheel, your mind off your driving, or keeps your ears from being alert to your surroundings. We encourage participants to go beyond addressing phone-use; behind the wheel distractions include texting and talking on the phone but also applying make-up, turning to talk to your friends, adjusting the GPS or radio/shuffling the playlist, eating or drinking, or anything else that takes your attention away from the task of driving.
