The Peoria Education Foundation Scholarships

The Peoria Education Foundation is committed to assisting learners at all levels of their education. Scholarship programs have been established to enable students to continue their post-secondary education. Scholarships are awarded to recognize outstanding accomplishments as well as to provide encouragement and incentive as students continue to work toward meeting their educational goals.

We would encourage all seniors to apply to the applicable scholarships. ***Last year we had 5 Centennial Students win scholarships through the Peoria Education Foundation.***

Individuals Together

That's the way we see us. We're a community of unique perspectives embracing divergence – unafraid to let our colors run and blend – letting the very things that divide us become the things that connect us to each other. What makes us different makes us strong – and a force to be reckoned with.

The University of New Mexico is a public research university in Albuquerque, New Mexico. Founded in 1889, UNM offers bachelor's, master's, doctoral, and professional degree programs. The Albuquerque campus encompasses over 600 acres.

The University of New Mexico offers In-State Tuition to all Arizona Students. Their Tuition and Fees are \$8,863 per year and their Room and Board is approximately \$10,262 per year.

PennState

Ten of the top public research universities around the country have partnered to help you and your family navigate a national college search process in a virtual world. This is an opportunity to engage with admission experts to learn how to effectively search for and compare colleges, pay for your education, and find the academic and student experience that is right for you. ASU has teamed up to host joint virtual information sessions for prospective students and their families and high school counselors to discuss:

- Navigating the college search and admission process.
- Paying for college with scholarships and financial aid.
- Exploring academic interests and career opportunities.

- ⇒ Admission leaders from our Terrific 10 universities discuss what to look for in a university to meet your academic and career goals, your financial fit, and your social fit.
- ⇒ Learn about the value of getting out of your comfort zone and expanding your horizons.
- ⇒ Find out how undergraduate research can spark a passion, help you gain experience for graduate programs and stand out in competitive careers.
- ⇒ Learn how several Terrific Ten universities support first-generation students in navigating and succeeding in college. After the presentation, you will have the opportunity to connect

with current first-generation college students and ask about their experiences in college.

- ⇒ Hear from professionals in the honors colleges at several universities to learn more about how an honors experience can enhance your time in college.
- ⇒ Not quite sure what you should study in college? This session will help you look to your favorite subjects, activities and goals to find the program that fits your interests.

Apprenticeship

Apprenticeship is a proven approach for preparing workers for jobs while meeting the needs of business for a highly-skilled workforce. It is an employer-driven, “learn-while-you-earn” model that combines on-the-job training, provided by the employer that hires the apprentice, with job-related instruction in curricula tied to the attainment of national skills standards. The model also involves progressive increases in an apprentice’s skills and wages..
