

Dear Coyotes,

All juniors – including in-person and virtual learners – will take the ACT on Tuesday, April 6th. The ACT is a nationally-recognized test that assesses a student’s likelihood of succeeding in college-level courses. If you intend to go to a college or university, the ACT may be the most important test you will take as a high school student.

Students who perform well on the ACT are more likely to be admitted into selective universities and more likely to receive significant scholarship money in Arizona and nationwide. While students typically choose whether to pay \$56 to take the ACT, the Peoria Unified School District and Centennial High School require all juniors to take the ACT. Fortunately, there will be no cost. **The ACT is free for you!**

Please look through the booklet, “Preparing for the ACT Test.” It features a full-length practice test, strategies for success, and information about what to expect on Tuesday, April 6th, the day of the test. We care about your success because we know **your ACT test results matter to colleges and universities nationwide**. Therefore, we have arranged for opportunities to help you understand the importance of the ACT and to prepare to do your best!

Know How It's Scored

Each ACT test is scored from 1 to 36. The ACT defines "college readiness" as a score of 18 on the English test, a score of 22 on both the math and reading tests, and score of 23 or higher on the science test. The ACT also gives students a "composite score," which is an average of the four combined scale scores. The national average composite score hovers between a score of 20 and 21. Your score goes up according to the number of correct answers you achieve, so there is no penalty for guessing, and you should try to answer every question.

The ACT Tests Four Subject Areas:

ENGLISH

45 minutes to answer 75 questions

Basic College-Readiness: Scale Score of 18/36
(41 or more correct answers out of 75 questions)
College Ready = 55% or greater

READING

35 minutes to answer 40 questions

Basic College-Readiness: Scale Score of 22/36
(24 or more correct answers out of 40 questions)
College Ready = 60% or greater

MATH

60 minutes to answer 60 questions

Basic College-Readiness: Scale Score of 22/36
(32 or more correct answers out of 60 questions)
College Ready = 54% or greater

SCIENCE

35 minutes to answer 40 questions

Basic College-Readiness: Scale Score of 23/36
(24 or more correct answers out of 40 questions)
College Ready = 60% or greater

Plan to Do Well by Practicing!

Students benefit from taking at least one full-length, timed practice ACT test so they become familiar with the content and pacing of the exam. We want every student to feel prepared and confident, and those students who complete the ACT Practice Test on Saturday, March 6th in the Cafeteria will know what to expect on the actual test date. The practice test offers you the opportunity to discover your strengths and weaknesses *before* you take the actual ACT on April 6th. Attend ACT Family Night to learn more, go to the after-school prep sessions to get ready, and...
