Who is Leadership Society of Arizona?

ABOUT US

Leadership Society of Arizona (LSA) is a 501(c)(3) student coaching organization and the educational research arm for a larger supply chain management research group, PBSRG. Our methods are sourced from 28 years of industry-based management research which started at Arizona State University, resulting in 64 licenses (most at ASU), and 2,000+ tests valued at \$6.6B, with a 98% satisfaction rating.

Since 2013, we have offered a variety of leadership programs [summer, afterschool, retreats, coaching] for teenagers, young adults, parents, and teachers. We use each program to further industry research on:

1. Leadership Development
2. Success Coaching
3. Career Alignment
4. Social Emotional Learning
5. Providing resources to help students become **stable and accountable adults**.
