

Peoria Unified Schools

Release of Records to Student

STUDENT NAME: _____

PERM ID: _____

COUNSELOR: _____

Students registering for a dual enrollment course or completing college applications are required to submit several documents to the college. In most cases, the college requires a birth certificate as part of the registration process. The high school typically has the birth certificate as part of the student's cumulative records. By signing this document, you are giving the high school permission to provide a student that is under 18 with copies of personal records, such as a birth certificate when assisting them with dual enrollment or college applications.
