# We Asked Students, Teachers and Parents

Willis, Laura  
I had a student last year that was referred to testing. Due to her consistent defiant & negative attitude, her guardians & some teachers had stopped trying to put extra effort into her. She had failed everything the first semester & came off as tough & uncaring. She had been 3 outside therapists & refused to help. When I brought her in for testing, she suddenly opened up & said she needed an advocate for herself. I was so happy to help her. Leavitt, Jefferson
