

# Peoria Unified School District High School

## Summer Credit Recovery/Achievement Academy 2023

**Dates: June 5<sup>th</sup> – June 29<sup>th</sup> Days: Mondays through Thursdays Time: 7:20 a.m.-10:20 a.m.**

Peoria Unified high schools will be offering two programs for students in the summer of 2023. Both programs are FREE of charge.

### Academic Credit Recovery:

Students must attend in-person from 7:20-10:20 beginning June 5<sup>th</sup>. This is an option for students who have **attempted but failed** and did **not earn academic credit** for a core course. This is highly recommended for students completing their **junior or senior year lacking credit**. The student will take the credit recovery course in a self-paced program with a certified teacher to assist. Students have until June 29<sup>th</sup> to complete the credit. If the credit is earned, the student may begin another course if needed. Grades will be earned based on coursework and assessments within the digital content tool. **If the student passes the credit recovery class, the core course grade from the first failed attempt will be changed to a D on the student's transcript.**

### Achievement Academy:

Students must attend in-person from 7:20-10:20 from June 5<sup>th</sup>-June 29<sup>th</sup>. This is an option for students who have attempted a core course and earned a C, D, or F and would like to improve their grade and re-learn the essential skills they may have missed in the course during the regular school year. Instruction will be delivered in a blended model with a combination of face-to-face instruction, integration of technology with the use of a digital content tool, data to increase personalization, engagement, and mastery of essential skills in which the student is deficient. Grades will be earned based on coursework and assessments within the course and any additional whole class/small group activities designed by the teacher. The student grade will also be based on the district course assessment. Pre and Post tests will determine individual course content and completion of the course. This is highly recommended for **current freshman and sophomore students**. Students may sign up for 1 or 2 courses. **At the end of the course, the grade earned will be posted as a summer term grade and the previous/lower grade will no longer calculate into GPA. The final grade will be based on completed work and the final course assessment.** Not all courses are available, including honors:
