a note from your counselor

The second half of the schoolyear is off to a great start at eCampus! Spring semester brought new teachers, new students, and fresh perspective. As we inch (rather quickly!) toward the end of the academic year, we are continually impressed by the dedication and work ethic of our students. It is a joy to serve them.

Let's Talk '23-'24

It is time to ask: where will your student be attending school NEXT year?

It is time to ask: does eCampus meet your student's academic needs?

eCampus is a specialty school of choice, meaning no one attends eCampus based on their Arizona address. Students attend eCampus because it is what is best for them. Many students thrive learning online and benefit from our flexible schedule! We know, however, that there are students who choose to attend eCampus for a season and plan to return to on-campus learning at a brick-and-mortar school.

If your student will be returning to in-person learning starting August 2023, please let us know!

In March, those staying enrolled at eCampus will have the opportunity to choose their classes for the 2023/2024 schoolyear. Look for communication about that coming soon!
