

EDUCATION WITH AN ENTREPRENEURIAL MINDSET

Week of September 12

Headlining Story – Heritage STEAM night event

2022/23 MET Students,

Last week the MET Professional Academy attended the Heritage STEAM event on Thursday night. Many children and parents took great interest in our program thanks to all of the wonderful help and support from our students. Each strand provided a hands-on activity for the students at the event to give them a demonstration of what our program is like.

MET students learning about upcoming EPICS projects and choosing their teams

Sincerely,
2022/23 MET Student Ambassadors
