

# Liberty High School

## PROPOSED COURSES OFFERED FOR 2025-2026

Selecting these courses will determine the Master Schedule for next school year. **NO course request changes will be accepted after April 1.** Make sure to review the course descriptions in the Course Offering and Description Guide as well as check the necessary pre-requisite(s). The guide can be found on the Liberty Guidance web page or on the PUSD webpage under guidance. Courses listed below are proposed classes for the 2025-26 school year. The final decision to offer a course will be dependent upon the following factors: classroom space, availability of a certified teacher, district enrollment standards, and the district's ability to financially support the program. **Prices for courses are approximate and subject to change, pending board approval.**

**Please note the following:** CR = Credit and DE = Dual Enrollment Courses (credit may possibly be earned through the Maricopa Community College System; costs vary with courses)
