

Tri-University Events

August – September, 2023

Arizona State University, Northern Arizona University and the University of Arizona are coming together to ensure you and your family are well informed about the opportunities and resources available to you to attend college. To help you find the college that works best for you, we've developed a series of joint in-person and virtual information sessions for prospective students and families as you prepare for your college search.

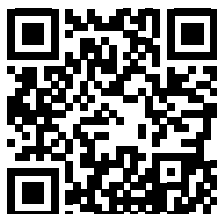

You're invited to Tri-University Events, 2023

These sessions will help you learn about each university, provide information on how to pay for your education and offer step-by-step guidance on each university's application process.

Workshops include information on:

- Tri-University's purpose and goals.
- Admission steps.
- Paying for college with scholarships and financial aid.
- ASU, NAU and UArizona application workshops.

Register for these sessions at links.asu.edu/Tri-University-Events.

In-person workshops

Information presented will be the same at each location, so you need to register only for the program that works best for your schedule.
