

# Tri-University Events

September – October, 2022

Arizona State University, Northern Arizona University and the University of Arizona are coming together to ensure you and your family are well informed about the opportunities and resources available to you to attend college. We believe in finding the college that works best for you, and we've developed a series of joint in-person and virtual information sessions for prospective students and families to help you prepare for your college search.

## You are invited to Tri-University Events, 2022

These sessions will help you learn about each university, provide information on how to pay for your education and offer step-by-step guidance on each university's application process.

Workshops include information on:

- Tri-University's purpose and goals.
- Admission questions.
- Paying for college with scholarships and financial aid.
- ASU, NAU and UArizona application workshops.

**Need a remote option?** Virtual sessions can be found on the website below.

## In-person workshops

Please note: In-person sessions are comprehensive and cover the same information regardless of location, so you should get all of your information in one go! If you're joining us in person, **you don't need to register for multiple sessions.**

Register for in-person workshops:
