

When is the deadline for Submitting your application for admissions to the AIM/IB Program at Ironwood High School?

The best time for students from a PUSD elementary school to apply is before students are registered for their high school classes, which occurs at their elementary schools in December and January. We receive many of these applications between October and December, and we will process them as the students apply for entrance into the program. Students accepted from PUSD schools, who apply early, will be placed in the appropriate AIM / pre-IB classes for the fall semester of their freshmen year. If a student does not attend an Ironwood feeder school (Copperwood, Desert Palms, Desert Valley, Heritage, Marshall Ranch, or Sahuaro Ranch), open-enrollment paperwork must be submitted with the IB application.

Students applying from outside the Peoria Unified School District boundaries are welcomed and should apply before March 1st. Applications that arrive after the deadline will be handled on a case by case basis. These students will require open-enrollment paperwork to be submitted with the IB application. These applications should be made as soon as possible so that we can provide the correct placement for the student.

Students do not generally enter the IB Program as juniors if they have not completed the Ironwood AIM / pre-IB program. Exceptions may be made for a student who has completed a similar program or is transferring from another IB program.

We are always looking for qualified students who will benefit from the IB Programme. It is a strong academic program that will prepare the student for college/university.

If you have any questions about the IB Program, please do not hesitate to contact me.
