

I am proud to announce that our school received an “B” Label! Today, the new A-F letter grades were released by the Arizona State Board of Education. This “B” represents that our school has distinguished performance on statewide assessments and student growth, and that our overall performance is significantly higher than the state average. This is a distinct mark of achievement and our teachers and students have worked incredibly hard to earn this recognition.

Additionally, this is the first-time letter grades have been calculated since 2019; we were only a few points away from receiving an “A” Label. As we continue to reimagine teaching and learning, I am certain we will be able to move the needle towards that “A” in the future. I am so proud of our students and staff for how hard they have worked to overcome any interruption to learning.

The formula which determines school labels uses a wide range of academic measures including results from the Arizona's Academic Standards Assessment test and academic growth. Teachers have multiple ways they measure student learning. The A-F Accountability System is just one of those tools. Throughout the school year, there are many ways teachers assess how students are doing in their classroom, including classwork, homework, quizzes, projects, teacher, and counselor observations about your child’s growth.

Our school is proud to be part of the Peoria Unified School District. The district’s overall results show excellent growth – with 10 schools moving up one letter grade and a total of 37 schools that are “A” or “B” labeled.

For more detailed information on Arizona’s A-F Accountability System, visit our website at www.peoriaunified.org/lettergrades. Thank you for the role you play as a parent in supporting our school and thank you for trusting us with educating your child.
