

# Microsoft Office 2016 for Peoria Unified Students

Our Peoria Unified School District’s license agreement with Microsoft enables all Peoria students to download up to 5 copies of MS Office 2016 for free. Install Office on up to 5 PCs or Macs and on other mobile devices, including Windows tablets and iPad®. Click [here](#) to see the system requirements for Office 2016 to determine if your computing device meets the minimum requirements for installation.

## Steps to install 2016

From the device/computer for which you want Office installed, [login](#) to your Peoria District student email account using your district username and password. You will then see a link called, “Install Office apps.” When you click on this button, an option to install Office 2016 will appear. Clicking the “Office 2016” link will begin the installation process on your personal device.

Please note that the Peoria Unified School District nor eCampus does not provide any technical support for the installation of Office 2016 software on personal devices.
